Sharma and Laxmanrao Ogale for imparting religious instruction to the Hindu boys and to Rev. Father Clardo for Christian boys.

We acknowledge too the help rendered by Mr. V. S. Toro of the Visual Instruction Department in supplying lantern slides from time to time. 81 lectures were given during the year. Mr. R. N. Joshi, the Deputy Educational Inspector, delivered a lecture on Ramayan.

6. *Technical Education.*—Mr. P. B. Advani, Director of Industries, Dr. G. W. Burley, Principal, Victoria Jubilee Technical Institute, and Mr. D. G. Badigar, the Inspector of Drawing and Craftwork, visited the Institution and were pleased with the work of the boys.

7. *Recreation.*—Cricket, Football, Swimming, Boxing and Indian games are being played and matches played during the year are as follows :—

	Played.	Won.	Lost.	Drawn.
Cricket ...	54	29	21	4
Football ...	16	12	3	1

Our Football Team entered the Tournament organised by the Indian Football League but hardly reached the relatively high standard existing in that League.

The Boxing Club is making excellent progress under the direction of Mr. Pardiwalla. Our boys were entered for the following Tournaments :—

(*a*) The Bombay Boy Scout Local Association Boxing Tournament :—

5 boys won medals.

2 Dastur Pack Wolf Cubs won Medals.

(*b*) Poppy Day Boxing Tournament :—

2 boys won their Final contests and received Certificates.

(*c*) Sherwood Forester Boxing Tournament :—

1 boy was awarded a medal.

(*d*) Zoroastrian Physical Culture League Boxing Tournament :—

1 boy won a Cup.

Radio and Gramophone were well used. The Divali sports were held in the Institution and the usual Educational Visits to important places in Bombay were arranged.

8. The Swimming Bath has been in continuous use during the year. The Inter Dormitory Swimming Competition was held and the " East Cup " was won by Dormitory No. 1.

9. The " Bunbury " Troop of Boy Scouts maintained its allotted strength. A combined Camp was held in the compound of the Institution with the Y.M.C.A. Worli Troop and the Cubs of Hotson Pack, Children Home. The " Bunbury " Troop held their annual Camp Fire on 31st December 1933. Mr. D. T. Thadani, the Assistant District Commissioner, inspected the " Bunbury " Troop on 13th May 1933 and Mr. B. K. Rane, the District Scout Master, examined the 2 first Class Scouts.

12 Cubs from the "Dastur" and "Ishwardas" Packs took part in the Grand Farewell Rally to His Excellency Sir Frederick Sykes.

Sir Reginald Spence's Cup for Tug of War was won by our Scouts under fourteen years for the second year in succession.

10. The Annual Prize Distribution was held on 1st March 1934 when His Excellency Lord Brabourne, Governor of Bombay, presided. His Excellency's speech is herewith given.

11. *Finance.*—In spite of rigid economy in expenditure the year's working shows a deficit of Rs. 3,705-9-7. This is solely due to our loss of Mill earnings which have entirely disappeared owing to the Ruby Mills having closed down. Our income from the Mill in 1932-33 was Rs. 4,197-15-0. My Committee regrets this deficit after the practice of the first six years in which it has been possible to return sums to Government to the extent of Rs. 12,373-3-1.

We maintained a very high average of 371 boys for the whole year and the comparative cost per head per annum for the last six years is of interest:—

Year.	Government.			To the Institution.		
	Rs.	a.	p.	Rs.	a.	p.
1928-29 ...	216	0	2	262	7	2
1929-30 ...	192	12	11	250	4	7
1930-31 ...	214	10	5	263	1	11
1931-32 ...	178	6	1	224	15	3
1932-33 ...	160	14	0	202	2	2
1933-34 ...	159	13	6	199	13	8

12. *Workshop Accounts.*—The combined workshop accounts after debiting a sum of Rs. 6,238-7-0 (salaries of Maistries) show a loss of Rs. 3,365-14-3 against Rs. 3,378-11-4 in the previous year.

13. *Auxiliary Home.*—The statistics given in Appendix C show the popularity and necessity of the Home. The boys sent to their respective mofusil Homes too frequently return to the city and require accommodation. The Home is directly managed by the Salvation Army and our thanks are due to Captain H. M. Corbett, the Superintendent, for his zeal. Mr. Elisha, the Secretary of the School, is also our After-Care worker; but the prevalence of unemployment makes it extremely difficult to find situations for all the boys in the After-Care Home.

14. The health of the boys in the Institution has been excellent due largely to the care exercised by our Medical Officer Dr. Patel.

15. *Staff.*—I desire to record the Managing Committee's appreciation of the work of the staff. Each teacher continues to give his best not only during strictly instructional hours but during those perhaps more important periods when contacts can be more readily made with individual boys during recreational periods.

16. *General.*—In my last report I referred to an amplified scheme of agricultural training made possible thanks to the generosity of Mr. Ezra. The scheme is progressing to a most encouraging degree. The agricultural Master combines practical and theoretical instruction and the value of the products of our garden shows an increase.

R. K. INNES,
Chairman.

Extract from Chairman's speech at the Annual Prize Distribution held on 1st March 1934.

We celebrate to-day our 91st anniversary and our 77th birthday from the point of view of the Government of Bombay's assumption of responsibility for the existence of the School, but ancient as our foundations may be, it can be confidently asserted that the policy governing the immediate administration here is a very definitely progressive one and generally consonant with the modern and accepted methods prevailing in other lands and suitably modified in the light of experience of local conditions.

On the occasion of Your Excellency's distinguished predecessor's visit, I was enabled to report a reduction of 16 per cent. in the annual cost of maintenance per boy and this year we have succeeded in improving to the extent of nearly 10 per cent. as the present cost per head is Rs. 202, i.e. reduction of 26 per cent. in two years.

In the "Report of Inquiry into the care of Destitute Children and Young Offenders" which was published recently, great stress was laid on the necessity of co-ordination between all the official and non-official agencies designed for the social restoration of young delinquents. There is no question, Your Excellency, Ladies and Gentlemen, that immediate benefits will result from a pooling of financial and educational resources and technique. The news of the appointment of a Chief Inspector to perform co-ordinating duties will be welcomed very warmly indeed so far as we are concerned.

It is realised that some of the recommendations made in the aforementioned Report cannot bear fruit until Budgets have a happier tendency towards large surpluses, but we feel that Your Excellency's manifold interests will include a desire to put into effect as many of the recommendations as possible. Probably the greatest problem we face here lies in the difficulty in finding employment for the boys on leaving. In the majority of cases it is quite impossible to find employment in keeping with one or other of the crafts we are interested in. It is comparatively easy "to train the child in the way he should go," but disastrous to expect him to maintain moral balance if he is thrown on the streets again after three, four and possibly five years of instruction here. We are fortunate, however, in possessing an After-Care Association of our own and a Home is made available for those in work and those awaiting employment. The Salvation Army continues to manage the Home for us and I would pay tribute to the very real help rendered by that body.

His Excellency's Remarks at the Annual Prize Distribution.

The Governor, after distributing the Prizes, said, he could well realise what an important contribution they were making to the solution of one of Bombay's most important and difficult problems—that of dealing suitably with destitute children and youthful delinquents. "The Report which has just been read to us shows that you have fully maintained your high reputation for efficient management. It is particularly gratifying to find that you have succeeded in further reducing the cost of maintenance per boy in this school by nearly 10 per cent. Seeing that your last year's figures showed a reduction of 16 per cent. on the previous year's figures, this further improvement is obviously an outstanding achievement.

Public Support.

"I am glad you are able to report also that the work in the class room and technical sections has again given satisfaction, and that you are able to command support from the general public in the form of orders for the products of your classes. I note with particular interest that you have started a market gardening section, and that it is now well established and developing on satisfactory lines. As you have a certain number of inmates, whose home is not in Bombay, but the agricultural districts of the Presidency, this is obviously a desirable development.

"In additon to this aspect of the question, I hope that you may thus be able to make some contribution to the solution of another of the most pressing problems of our civilisation—the drifts to the towns. I note with interest what you say about the possibility of extending this idea further by the establishment of an agricultural colony outside Bombay. This is the first suggestion that I have heard of such a scheme, and it will require careful examination, but I should be glad to have further details if you have any concrete proposals ready.

Destitute Children.

"The Committee of Inquiry into the care of destitute children and young offenders completed its work under the presidency of Mr. Starte when Sir Hormazdyar Dastur went on leave. I know that you must have been looking forward to the publication of this report with the keenest interest.

"The Government's orders on the recommendations in the report which are likely to interest you most, were not yet ready for issue, but the Government was fully alive to the importance of this question."

The Governor congratulated the Superintendent, Mr. Desai, on the work done and on the management of the Institution.

Mr. Ishwardas Lukhmidas in proposing a vote of thanks to Lord Brabourne said that within a few months of his setting his foot in Bombay the Governor had set his mind seriously to the task of helping the poor and the sick.
